# Gladesmore Community School

## Our Motto

Dream it, REACH for it, Achieve it!

## Our Vision

To provide an outstanding all round education where our students make impressive progress in a positive, friendly, family community atmosphere.

## The Gladesmore Ethos

We are proud to be part of the really successful Gladesmore Community School. There are many reasons for our success including the shared **respect** staff and students have for each other. This promotes our positive atmosphere. We show great **enthusiasm** for learning and are constantly aiming to improve on what we do in order to exceed our previous best. We are very proud of our ambitious **attitude** and we warmly applaud commitment and progress. We are eager for our staff to provide a first class education so that we continue to achieve high standards. We value life and want all of us to make a valuable contribution to society.

We are all unique. A strong feature of our school is the way we respect our differences and use them to make our education richer. We want a school where we support each other to develop good social skills and through the spirit of **cooperation** we help each other to succeed. We want a school where we are able to concentrate when we need to and enjoy learning. We want to develop as independent learners and make progress through **hardwork** and commitment. We want the Gladesmore community to be kind and friendly and able to have fun at the proper times. Importantly, we also want our school environment to be safe.

The members of our highly skilled staff reflect the positive goals of our school community and really care about our success both now and for the future. They are always looking for better ways of promoting learning and are keen to help us work well with each other and on our own.

We want others to recognise students who went to Gladesmore as people noted for their: **Respect; Enthusiasm; Attitude; Cooperation; and, Hardwork** who aim high and continue to **REACH** for their best and be the best they can throughout their lives
