RE: School closure update

Dear Parent/Carer,

Thank you for your support with today's school closure. The outage is still affecting key areas, but we have made arrangements for tomorrow's programme to go ahead as planned.

Year 7 pupils should attend school for their CATs tests, and Year 11 pupils should attend for Pathways Day. The school will remain closed to other year groups as planned with the exception of Year 10 BTEC sports students who should be in school completing their coursework.

Year 8, 9 and 10 students should access Google classrooms. Please ensure your child uses this time to complete all outstanding Own Your Learning.

Further information on arrangements for Friday will be communicated to you tomorrow.

Thank you for your patience and understanding while we continue to manage this unexpected disruption.

Yours sincerely,

Paul Bernard
Headteacher
