

PlayStation

You'll need to set up accounts for family members, with adult and child accounts, and make sure you and other adults have family manager or parent/guardian status. Read more about how to do this [here: https://www.playstation.com/en-gb/get-help/help-library/my-account/parentalcontrols/family-management/](https://www.playstation.com/en-gb/get-help/help-library/my-account/parentalcontrols/family-management/)

Set a login passcode and system restriction passcode

A login passcode means that only you can log in to the 'family manager' user on the system.

To do this:

- › Go to Settings (this should be shown by a toolbox icon) > Login Settings > Login Passcode Management
- › Set a 4-digit passcode using the controller, then re-enter it to confirm

Using a system restriction passcode will prevent your child from changing parental control settings. To do this:

- › Go to Settings > Parental Controls/Family Management > PS4 System Restrictions
- › Enter the existing system restriction passcode (if you haven't set one before, the default is 0000)
- › Select 'Change System Restriction Passcode'
- › Enter a new 4-digit passcode using the controller, then re-enter it to confirm

The PlayStation website also explains how to disable new user creation and guest login:

<https://www.playstation.com/en-gb/get-help/help-library/my-account/parental-controls/ps4parental-controls/>

Set spending limits

- › Go to Settings > Parental Controls/Family Management > Family Management
- › Select the user you want to set a spending limit for
- › Select 'Applications/Devices/Network Features' under the 'Parental Controls' section
- › Select 'Monthly Spending Limit' and press X

Restrict access to network features

- › Go to Settings > Parental Controls/Family Management > Family Management (you may need to enter your account password)
- › Select the user you want to set restrictions for
- › Select 'Applications/Devices/Network Features' under the 'Parental Controls' section
- › Under 'Network Features', you can choose whether to allow a child user to communicate with other players on the PlayStation Network, or view content created by other players

Set age rating levels for games, Blu-ray Discs and DVDs

- › Go to Family Management, as above (you may need to enter your account password)
- › Select the user you want to set the age level for
- › Select 'Applications/Devices/Network Features' and select the content you want to restrict
