

The Class of 2021 Celebrate Top GCSE Grades

Gladesmore Community School pupils who are celebrating some outstanding achievements by its students in their GCSEs and BTEC qualifications this summer.

This year, following the cancellation of exams, grades were awarded through a process of teacher assessed grades, against a national standard and approved and awarded by the exam boards. The government is not publishing performance data for any schools or colleges this year due to the varying impact of the pandemic.

This is a momentous day for our fabulous pupils. They have worked really hard and deserve these results. We are immensely proud of all the work and their achievements, especially after such a difficult and disrupted year. Our teachers have worked tirelessly to ensure pupils are all able to progress onto further education and study, and we look forward to seeing what they will achieve in the future.

We are delighted and wish our pupils every success. And, a big thank you to parents who have supported them through this journey.

The provisional Progress Score success measure shows that pupils achieved well above the government's national target in every subject.

Pupils taking the EBAC combination of subjects that include Science, English Language, English Literature, Mathematics plus either History or Geography and Spanish or French did particularly well achieving well, above the national standard.

Gladesmore pupils have again demonstrated just what can be achieved with a positive attitude, determination and sheer hard work.

Some of our top individual achievers include:

JEVTIC Mia: nine 9s and one 8 in Further Maths
